

ONENESS BLESSINGS SAN DIEGO COUNTY

Oeness Blessing, also known as Oeness Deeksha is a phenomenon of Divine Grace. It is an entirely new paradigm where there is no guru, no teaching, no practice. The Oeness Blessing initiates a neurobiological change in the brain that when complete enables the senses to be free from the interference of the mind. When the senses are unclouded by the mind's interpretations, a natural clarity of perception occurs with accompanying spontaneous feelings of joy, inner calmness and connection to the Oeness in everything.

For information on Oeness Blessing events in San Diego County and for directions, please contact the Oeness Facilitator in your area. A suggested donation for each event is \$15 - \$25. Private Sessions available by appointment.
